

VOTE FOR G. G. O. PENCE For Representative

Mr. Pence is a candidate for re-election to the State Legislature on the Republican ticket. During his first term he served the people of Highland county honestly and well. He is the type of man in whose hands it is safe to entrust public business. A successful farmer, a progressive farmer, a good business man, a man of affairs, he brings to public life a clear and unprejudiced mind and a desire to accomplish those things which will result in the most good to his constituents.

Those men who know Mr. Pence best have the greatest confidence in his judgment and integrity.

Faithful and efficient public service should always be rewarded and the people of Highland county should show Mr. Pence their appreciation of his services and their confidence in him by giving him a second term in the legislature which his services merit.

Not only does Mr. Pence deserve a second term, but it is for the best interests of Highland county that he be re-elected. His experience during his first term will make him even better qualified than before to render the best service for the people.

It is due him and due the county that he have a second term. Vote for

Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by All Dealers.

Minutes Mean Dollars
IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphrey's Veterinary Manual will prove a valuable aid to you. It is by F. Humphrey, M. D., V. M., and teaches how to diagnose and give proper treatment. This book will save you hundreds of dollars and costs nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphrey's Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphrey's Homeopathic Medicine Company, 136 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post card by writing for it now.
